

REGULATORY PERMITTING

Police Training Facility Site Search and Design, Virginia Beach Police and Public Works Departments, Virginia Beach, Virginia

This project includes a defensive driving truck and skid pan, administrative building with classrooms as well as several buildings designed to conduct simulated decision-making training in a real-world environment. Kerr Environmental Services was responsible for evaluating alternative sites for environmental constraints such as wetlands,

Chesapeake Bay Act and Southern Watershed Management Ordinances, endangered species, and cultural resources. Also included was the wetland delineation and permitting for the selected 90 acre site.

Kerr Environmental Services Corporation is a Certified Small Business, GSA Contract Holder # GS-10F-0291V and SWaM VA Certified # 653032 that provides services related to National Environmental Policy Act (NEPA) document preparation; watershed inventories; sustainable habitat assessments and design; Low Impact Development design; wetland and stream permitting and mitigation design; remediation investigations; protected species studies; Stormwater Pollution Prevention Plans (SWPPPs) and inspections, and all necessary coordination with regulatory agency personnel.
