

**Kerr Environmental Services Corp.**

*sustainable ecological restoration and environmental consulting*

## **REGULATORY PERMITTING**

### **Stoney Run Channel Improvements Department of Public Works, City of Newport News, Virginia**

Kerr Environmental Services was retained to perform all environmental services related to the proposed widening of a 2,258 linear foot section of an unnamed tributary to Stoney Run to alleviate existing flooding problems within the Stoney Run watershed. Services included a wetland delineation and USACE confirmation, stream assessment, and several meetings with the USACE, the DEQ and the VMRC and prepared an

environmental permit application in collaboration with the City of Newport News and the civil engineer for the proposed project.

Kerr Environmental Services Corporation is a Certified Small Business, GSA Contract Holder # GS-10F-0291V and SWaM VA Certified # 653032 that provides services related to National Environmental Policy Act (NEPA) document preparation; watershed inventories; sustainable habitat assessments and design; Low Impact Development design; wetland and stream permitting and mitigation design; remediation investigations; protected species studies; Stormwater Pollution Prevention Plans (SWPPPs) and inspections, and all necessary coordination with regulatory agency personnel.
