

Kerr Environmental Services Corp.

sustainable ecological restoration and environmental consulting

WETLAND MITIGATION & BANKING EXPERIENCE

Wetland Hydrology Improvement Project and Related Services, Sea Bay Development et al. Chesapeake, Virginia

Kerr Environmental Services (KES) was retained by the defendants in this Federal Complaint to provide a variety of wetland related services. One of these services involved the preparation of plans for the improvement of hydrology involving approximately 830 acres of drained, forested lands. Kerr Environmental Services negotiated the hydrology improvements with the United States Environmental Protection Agency and prepared related narrative and exhibits for the Consent Decree. Site improvements were constructed in 2008 and the first year of monitoring (2009) met the success criteria.

Kerr Environmental Services Corporation is a Certified Small Business, GSA Contract Holder # GS-10F-0291V and SWaM VA Certified # 653032 that provides services related to National Environmental Policy Act (NEPA) document preparation; watershed inventories; sustainable habitat assessments and design; Low Impact Development design; wetland and stream permitting and mitigation design; remediation investigations; protected species studies; Stormwater Pollution Prevention Plans (SWPPPs) and inspections, and all necessary coordination with regulatory agency personnel.
